Web Developer

Summer 2016

Launched a personal website with code completely written from scratch, using mostly HTML and CSS with a small amount of jQuery. Applied a minimalistic design language.

StyleCheck

Developer

Winter 2017

Developed a tool to check for "style errors" in Java code, as defined by the UW CSE department. Deployed on my personal website (frankpoon.com). Mostly written in JavaScript with a HTML front end. Collaborated with fellow student in development.
